

ADHD initial packet

Dear Parent/Guardian,

Please note the following:

- Verify your insurance has mental health benefits coverage at Cottonwood Pediatrics
- Fill out Parent Vanderbilt questionnaire
- Ask two teachers to fill out Teacher Vanderbilt questionnaire
- Return all Vanderbilt questionnaires to Cottonwood Pediatrics (mail, upload or fax) as soon as possible
- New patients: have previous provider send medical records to our office F: 316-283-7118

Forms are also available at www.cottonwoodpediatrics.com/forms.

Please note that both our practice and insurance require at least two medication appointments every year in order to continue the medication. When starting or adjusting a new medication, you may be required to call to give phone updates AND schedule additional follow-up appointments.

In addition, all Cottonwood Pediatrics patients are also required to have a separate yearly wellness check in our clinic. This allows us to have a thorough physical and comply with insurance requirements.

Please plan to schedule appointments in advance.

Medication refills may take two business days or longer.

Appointment date: _____ Time: _____

NICHQ Vanderbilt Assessment Scale: Parent Informant

Parent #1

Complete ONE set of forms per child

Today's Date: _____

Child's Name: _____

Child's Date of Birth: _____

Parent's Name: _____

Parent's Phone Number: _____

Reminder
Please give forms for teachers or have them go to cottonwoodpeds.com/forms
Thank You!

Directions: Each rating should be considered in the context of what is appropriate for the age of your child. When completing this form, please think about your child's behaviors in the past 6 months.

Is this evaluation based on a time when the child

- was on medication was not on medication not sure?

Symptoms	Never	Occasionally	Often	Very Often
1. Does not pay attention to details or makes careless mistakes with, for example, homework				
2. Has difficulty keeping attention to what needs to be done				
3. Does not seem to listen when spoken to directly				
4. Does not follow through when given directions and fails to finish activities (not due to refusal or failure to understand)				
5. Has difficulty organizing tasks and activities				
6. Avoids, dislikes, or does not want to start tasks that require ongoing mental effort				
7. Loses things necessary for tasks or activities (toys, assignments, pencils, books)				
8. Is easily distracted by noises or other stimuli				
9. Is forgetful in daily activities				
10. Fidgets with hands or feet or squirms in seat				
11. Leaves seat when remaining seated is expected				
12. Runs about or climbs too much when remaining seated is expected				
13. Has difficulty playing or beginning quiet play activities				
14. Is "on the go" or often acts as if "driven by a motor"				
15. Talks too much				
16. Blurts out answers before questions have been completed				
17. Has difficulty waiting his or her turn				
18. Interrupts or intrudes in on others' conversations and/or activities				

Always verify mental health benefits with your insurance.

Request refills up to 5 business days before last pill. Allow 48 hours from request. There will be no refills on weekends or holidays.

Symptoms (continued)

Never Occasionally Often Very Often

Parent #1

19. Argues with adults
